REQUEST FOR RECONSIDERATION

Commissioner for Patents  
Washington, DC 20231

RECEIVED  
AUG 22 2002  
Technology Center 2100

Dear Sir:

It is requested that the Examiner reconsider his denial of applicant's request for issuance corrected filing receipt in the above application.

The Examiner has apparently misunderstood applicant's request. Applicant is not asking that the U.S. filing date of the present application be corrected. Rather, the applicant has requested that the filing receipt be corrected to properly identify the filing date (the priority date) of the Japanese priority application.

In the response to applicant's request, the examiner has indicated that an express mail label must be enclosed in order for the request to be granted. Since applicant is not asking the filing date of the present application to be corrected, such an express mail label is not required.

Reconsideration and granting of applicant's request for corrected filing receipt  
are respectfully requested.

Dated: May 7, 2002

Respectfully submitted,

By
